

[Your Name]

[you@example.com]

[City, Country]

[portfolio, GitHub or LinkedIn URL]

Summary

[Degree] graduate, [year]. [What you have actually done — an internship, a student role, a project that shipped — and the kind of work you are applying for. Skip the adjectives; you have no room to spend on them.]

Education

[Degree] | [Institution] | [Year] — [Year] | [City]

- [Only if it earns the line: a thesis, a relevant module, a result. Delete this bullet otherwise.]
-

Experience

[Internship Title] | [Employer] | [Month Year] — [Month Year] | [City]

- [Verb] [what you were actually trusted with], [the number, however small — a real 40 beats an unnumbered claim].
- [Verb] [something you finished and handed over], [who used it afterwards].

[Part-time or Student Role] | [Employer — label a student-run organization as one] | [Year] — [Year] | [City]

- [Verb] [the responsibility, not the chore], [how much of it].
 - [Verb] [what you changed about how it was done], [the result].
-

Projects

[Project Name] | [What it is, in four words] | [Year]

- [What you built and what it does], [the honest number: users, downloads, readers, or none at all].
 - [The part that was hard, and what you used to solve it].
-

Skills
